|   | <b>Average</b>         | 371.1             | 0.2  | 0.9            | (2.7)          | (1.6)          | 369.5                                |  |
| <b>Street Lighting - CODE 50</b>  | <b>Average</b>         | 701.9             | 1.6  | 0.9            | (2.9)          | (0.4)          | 701.5                                | (0.1%)   |

## Note:

- The Electricity Regulatory Authority announced that the schedule of Electricity end user retail tariffs will be applicable to all consumer bills raised based on meter readings taken from April to June 2018 for customers on post-paid billing.
- The Electricity end user retail tariffs will apply to electricity purchases made by our customers on the pre-paid system in April to June 2018.
- The first monthly 15 kWh for the domestic customers shall be charged at a lifeline tariff of UGX 250 per kWh.
- Other charges such as fixed monthly charges, maximum demand charges, inspection fees, new connection charges, reconnection fees and penalties for power theft remain unchanged.
- The electricity end user retail tariff applies to estimated unbilled consumption resulting from either power theft or any instance leading to unbilled consumption from April to June 2018.
